

SEA MATE®

AGM* RECREATIONAL VEHICLE BATTERIES

DEKA SEA MATE RV BATTERIES are not only designed for engine starting but also to handle the deep-discharge accessory power that your RV demands. The maintenance-free AGM* design immobilizes the electrolyte making the **DEKA SEA MATE RV BATTERY** spillproof and leakproof. They are safe to use no matter how bumpy the road or extensive the travel.

DEKA SEA MATE RV BATTERIES are available in many sizes with abundant cranking power for quick, easy starting and all the reserve power necessary to keep your RV equipment running strong.

DOMINATOR®

GEL RECREATIONAL VEHICLE BATTERIES

DEKA DOMINATOR BATTERIES give the discriminating RV owner and system designer the widest choice of the highest quality, longest lived RV batteries available anywhere!

DEKA DOMINATOR GEL BATTERIES offer many significant advantages over conventional liquid acid batteries. Because there is no liquid electrolyte to leak or spill out of the battery, the **DOMINATOR** can be easily installed in hard-to-reach locations.

Because it has gelled electrolyte, the **DOMINATOR** recharges quickly. And since there is no liquid, there is no need to check fluid levels.

Features & Benefits	Deka AGM	Deka Gel	Others Flooded
• 100% maintenance-free...No need to check fluid levels.	YES	YES	Most NO
• Ideal for engine starting and/or auxiliary power...Great multi-purpose battery.	YES	YES	Most NO
• Faster recharging...For quicker turn around time.	YES	YES	NO
• Highly micro-porous AGM separators absorb electrolyte... Lowers resistance, increases power and eliminates acid spills, leaks and terminal corrosion.	YES	NO	NO
• Thick consistency of gelled electrolyte and tight-pack construction... Eliminate the damaging effects of vibration.	NO	YES	NO
• Longer operating/low-amp discharge time...Runs longer than comparable liquid acid batteries.	YES	YES	Most NO
